

PRAYER FOR STUDENTS WRITING EXAMS IN DIFFERENT CAMPUSES

Heavenly Father, we come before you this morning presenting our students who are starting to write exams today for the year 2023 and all other students who are going to write exams for this year.

We pray for these students in the name of the Father, the Son and the Holy Spirit, asking that you be with them during this time.

We ask in particular, Father God

1. That you be with each and every student as they address the exam questions. We pray for confidence, removal of fear and anxiety, all to be replaced by belief and faith that you are there and you will enable them to present their best answers.
2. We pray that as they proceed with their examinations, there shall be no interference with their transport to and from the examination centres and that they will travel in complete safety and protection.
3. We pray that You will be with them when they revise and that they will have sufficient electricity to enable them to prepare adequately for every exam.
4. We pray for good health for each and every student.
5. We pray for clear thinking and minds during this time.
6. We thank you Lord God for the university lecturers and staff who have been with these students from the beginning of this year to this examination season.

We thank you for the parents and sponsors of these students to this date and to the end of the exams and their qualification.

We thank you Lord God, for enabling us to pray for each and every exam participant and we ask for all these blessings in the name of Jesus Christ.

Amen.

Prayer by **Reverend M Ramushu**
Chaplain, Women's University in Africa 2023
